

# Fellow Council 1 Pilots

I am asking for your nomination and support to serve you and the other council one pilots as your Second Officer Representative for NWA Council One.

As a 1998 hire here at NWA, like you I have been subjected to the results of the decisions made by some of the prior representatives. We all have come to realize how some of these decisions have had drastic and long-term lasting effects on all of our lives and careers.

## **Moving forward:**

We cannot continue to dwell over past events and decisions, but all need to come together to work as one unified pilot group, in a positive manner, to shape our future and work to enhance all of our careers and job security. As we, all know the merger with Delta Airlines will bring with it the challenges of change along with the prospects of prosperity. If handled correctly.

→ As a current member of the NWA MEC Membership Committee, I have first hand knowledge of the quality and talents of the NWA pilot group.

## **Communications:**

I believe that communications to the pilot group is one of the most important functions of the MEC. It is the responsibility of ALL of our council's representatives to make sure and keep their membership informed with timely and factual information. It is then the job of the representative to solicit input and opinions from the membership and then represent THEIR interests and concerns to the MEC.

As one of your representatives to the MEC, I will actively solicit your ideas, suggestions and concerns. I will make factual and timely communications a priority, and will work hard to ensure that your message is heard.

Once again, I am asking for your nomination and ultimately your vote to represent you as the Council One Second Officer representative.

## **Vote:**

Your vote does count and does make a difference so please take a moment and fill out your ALPA nomination Ballot and have it returned by September 29th.

Please feel free to contact me at 651-344-8672 or via email
