

[ALPAWatch Newsletter](#)

[July 28, 2007](#)

The same Email Update Newsletters you have been receiving from ALPAWatch are now available on the Web Site as well at:

<http://www.alpawatch.org/Email%20Update%20Archives.html>

If you receive the ALPAWatch Newsletter via email, you will continue to get the Newsletter sent directly to you. In addition, the Newsletter is also posted on the ALPAWatch web site. Click [here](#) to Subscribe for the ALPAWatch Newsletter.

All past and current Newsletters are now posted. Follow the link above or go to the ALPAWatch.org web site and Click on Newsletter Archives.

The Newsletter Archives was added to the web site for 2 reasons:

- If you signed up for the updates recently, then you might want to look at the earlier updates that were posted before you signed up.
- Some subscribers have chosen the "text only" version (no graphics) of the Newsletter. Due to some very boring technical reasons, the text only version formatting can make it difficult to read. If your Newsletter is hard to read, you can now go to the web site for a more readable version.

Thank you again for participating in ALPAWatch. With the participation of pilots such as you, ALPAWatch will be successful in obtaining the Union Leadership that the Pilot Group deserves, and in doing so regain our fair compensation, our quality of life, our future, and our dignity.
