**How the elections work and who was elected**

**The political attitudes of the MEC and MEC Officers**

**The resignation of the Capt. Miller as the NWA MEC Vice Chairman**

**The \$50 assessment for the merger committee**

**Future project plans for ALPAWatch as a result of these meetings**

**The intent of these reports will be to give you an indepenent account of the events along with the most unbiased analysis as possible. As one MEC member said about ALPAWatch, "You are trying to give the line-pilots a window into the leaership of this union." We could not have said it better.**
